Phone: +201030848281, **Location:** Cairo, Egypt

Objective

I'm Mohamed, a passionate front-end developer with expertise in HTML, CSS, and JavaScript, along with modern frameworks like React and Next.js. I focus on creating responsive and user-friendly web applications that deliver seamless experiences. I'm eager to leverage my skills to build innovative solutions and contribute to impactful projects.

Experience

Front-End developer Intern | Creativo (2022)

Worked on developing responsive user interfaces and optimizing web applications for better performance. I collaborated with the team to enhance user experience and implement best practices in front-end development.

Projects

- Smart Villa | (React.js, Redux, React Router, TailwindCss)

Link: <https://mohamedelsaket.github.io/smart-villa/>

A real estate trading web app allows users to browse, list, and buy/sell properties, featuring property search, virtual tours, and secure transaction management.

- Fast React Pizza Co. | (React.js, Redux, React Router, TailwindCss)

Link: <https://mohamedelsaket.github.io/Pizza/>

A web app for fast pizza allows users to browse menus, customize their orders, and place quick online orders for delivery or pickup within a few clicks. It features real-time tracking, and a user-friendly interface.

- Fitness Exercises App | (React.js, Redux, React Router, TailwindCss)

Link: <https://mohamedelsaket.github.io/fitness-exercises-app/>

A fitness exercises app that provides users with personalized workout plans and instructional videos for various exercises. Users can track their progress.

Education

- Health Technical Institute | Tanta (2018 – 2020)

Skills

- JavaScript • HTML5 • CSS3 • React.js • Git • GitHub • Responsive • Problem solving
